* The individual Design Capacity and Actual Population figures for California Correctional Center, Sierra Conservation Center and California Institute for Women include persons housed in camps. This population is excluded from the "Total housed in adult institutions" included on Exhibit A.

¹ The "Actual Population" includes inmates housed in medical and mental health inpatient beds located within Correctional Treatment Centers, General Acute Care Hospitals, Outpatient Housing Units, and Skilled Nursing Facilities at the State's 34 institutions. Many of those beds are not captured in "Design Capacity".

² Consistent with the Court's June 23, 2014 Order, Defendants have temporarily reduced reported systemwide "Design Capacity" to reflect the inmate population of CHCF on January 27, 2014. (June 23, 2014 Order, ECF 2796/5172 at 8.) On January 27, 2014, CHCF's inmate population was 1,306, while CHCF's current total design capacity is 2,951. Defendants have therefore excluded 1,645 beds from system-wide design capacity of 82,707 for the purposes of this monthly report.

³ The current CHCF inmate population of 1,497 occupies 50.7% of the total beds constructed at the facility. Defendants continue to work closely with the *Plata* Receiver to re-open medical admissions at CHCF. For these reasons, expressing "Population as % of design capacity" is not applicable to CHCF at this time.
