I am submitting a home insurance claim for theft and damage to my property at 2345 N. Second Street, Lake City, CA 98765. I arrived at my home on June 16, 2011 to find the window next to my front door completely shattered. When I entered my home, many drawers were open and several items had been thrown on the ground. After surveying my home, no further damage was found. I have attached pictures of the damage. I noticed three items missing, a gold necklace (\$100), a black laptop (\$500) and a diamond ring (\$200). Receipts are attached that verify the cost of the stolen items. I called the Lake City Police Department to file a residential burglary report.

- 16.** A homeowner completed the form provided above. Based **ONLY** on the information above, how many of the requirements were not met?
- A. 4
 - B. 3
 - C. 2
 - D. 1

For questions 17 and 18, you will be presented with two descriptions that describe an event. The two descriptions may or may not contain a difference that is important enough to examine further. You will need to identify the important difference, if any, between the two descriptions.

Inmate L and Inmate M were involved in a fight. Both inmates were interviewed to determine what occurred. Their statements are provided below.

Inmate L's statement:

I watch out for Inmate M because he always tries to start trouble with me. I was in the library stacking books on a shelf and Inmate M got in my way. It looked like Inmate M wanted to fight me, so I told him to back down. Inmate M continued to walk towards me, so I dropped the books I was holding and then he punched me. He kept punching me until an officer arrived and told everyone in the library to get on the ground. Everyone listened to the officer and got on the ground. Then Inmate M and I were restrained and escorted to separate holding areas. Inmate M is the one who started the fight. I was only trying to protect myself.

Inmate M's statement:

Whenever I work in the library with Inmate L, he gets defensive. I didn't want to get into a fight because I knew it would decrease my chances of being released early. Today, when I walked by Inmate L, he threw the books he was holding on the floor and started punching me. I had to protect myself so I punched him as many times as I could before an officer arrived and told us to stop fighting. The officer told everyone to get down on the ground, so I stopped punching Inmate L and got down along with everyone else in the library. I should not have been restrained and escorted to a holding area like Inmate L. I was just protecting myself.

17. Based ONLY on the information provided above, what difference, if any, between the two statements may be important enough to examine further?
- A. if the inmates complied with the officer's orders
 - B. the reason Inmate L was restrained
 - C. which inmate initiated the fight
 - D. There was no difference that requires further examination.

While Officer B was escorting inmates through a dormitory area, he saw Inmate J pass a note to Inmate H. Because inmates are not allowed to pass notes to each other, the officer confiscated the note and interviewed both inmates. Their statements are provided below.

Inmate H's statement:

Inmate J dropped a note on the floor of my living area. Officer B confiscated it before I could read it. According to Inmate J, the note ordered me to attack Inmate X tomorrow. Inmate J claimed she had nothing to do with the note other than delivering it. According to Inmate J, Inmate K should be held responsible because she wrote the note and forced Inmate J to pass it by threatening her life.

Inmate J's statement:

I had to deliver it because my life was being threatened by Inmate K. I did not read the note, but Inmate K said if I didn't give the note to Inmate H by the end of the day I would end up in the medical center. I should be left out of this because I only passed the note to protect myself from Inmate K. I know I will be punished for this, but I have nothing to do with the note other than delivering it.

- 18.** Based ONLY on the information provided above, what difference, if any, between the two statements may be important enough to examine further?
- A. why Inmate J delivered the note
 - B. who was supposed to receive the note
 - C. if Inmate J knew the content of the note
 - D. There was no difference that requires further examination.

For questions 19 and 20, you will be presented with a description of a situation in which an individual is involved in a dilemma. For each situation, you will be provided with a list of possible response options. Using your best judgment, identify the LEAST appropriate action for the individual to perform.

A commercial aircraft company recently began using new software that tracks a plane's location during flight. When used properly, the software can provide the correct coordinates to ensure the flight crew and passengers are not in danger. A pilot who works for the company noticed that his co-pilot has made several mistakes using the new software.

- 19.** Which of the following options would be the LEAST appropriate action for the pilot to take concerning his co-pilot?
- A. Advise the co-pilot to read over the software manual again.
 - B. Request that the co-pilot be transferred to work with a different flight crew.
 - C. Prohibit the co-pilot from using the software unless he is under direct supervision.
 - D. Have the co-pilot watch him use the software properly for a few weeks.

Employee R is an artist for a firm that specializes in designing logos. While cleaning out an old file cabinet, he found a sketch of a logo his company never marketed. Employee R really liked the logo.

- 20.** Which of the following options would be the LEAST appropriate action for the employee to take concerning the logo?
- A. attempt to identify the artist who designed the logo
 - B. use the logo for one of the firm's clients
 - C. avoid trouble by throwing the logo away
 - D. sell it to a competing firm for personal profit

Answer Key and Explanations

1. Correct Answer: **D**. **D** forms a logical paragraph with the events occurring in a logical sequence. The remaining choices result in a paragraph in which the events take place in an illogical sequence.
2. Correct Answer: **A**. **A** forms a logical paragraph with the events occurring in a logical sequence. The remaining choices result in a paragraph in which the events take place in an illogical sequence.
3. Correct Answer: **B**, because there is less than a 15-minute break between the two activities of laundry duty and recreation time. There is at least a 15-minute break between the remaining activities.
4. Correct Answer: **B**. **B** correctly identifies the two inmate groups that have overlapping exercise yard times. For the remaining inmate groups, the time designated for each inmate group to use the exercise yard do not overlap.
5. Correct Answer: **D**, because **D** has an incorrect verb tense. The paragraph is written in past tense and the verb in option **D** should be “assigned” to represent the past tense. The grammar and spelling are correct in the remaining choices.
6. Correct Answer: **A**, because the word underlined in **A** is spelled incorrectly; it should be “distress.” The grammar and spelling are correct in the remaining choices.
7. Correct Answer: **B**. The answer is 836.31 when the numbers are summed correctly. The remaining choices are incorrect because they can only be achieved by adding incorrectly.
8. Correct Answer: **C**, because six inmates did not return to the unit (2 transferred to intensive care and the 4 remained in the hospital). Therefore, the correct answer is 53 (59-6). The remaining choices are incorrect because they can only be achieved by adding and/or subtracting incorrectly.
9. Correct Answer: **A**, because **A** provides the most complete and clear description for Section B. **B** is incomplete because it does not describe how the inmate violated rule 32. **C** is incomplete because it does not identify the reporting officer, the inmate, and that the inmate was escorted. **D** is inaccurate because the wrong rule number is identified for the rule that was violated.
10. Correct Answer: **A**. **A** provides the most complete and clear description of the picture. **B** is an inaccurate description of the picture because the daughter is not sitting at the picnic table. **C** is inaccurate and incomplete because the son is not petting the dog and the daughter is not included in the description. **D** does not provide a clear description of the picture because it is unclear which parent is holding the youngest child and which parent is grilling food.
11. Correct Answer: **B**, because there are only two errors in Section A; the time is inaccurate and the amount of hours worked by Inmate R is inaccurate. The remaining choices are incorrect because there are only two errors in Section A.
12. Correct Answer: **B**. According to Section B, two illegal items were found, but Section A reports three illegal items. Also according to Section B, Officer M’s participation was limited to escorting the inmates to separate holding areas, but Section A reports that Officer M also searched the living area. Because there are only two errors in Section A, the correct answer is **B** and the remaining choices are incorrect.

13. Correct Answer: **B**. Compared to the original, Picture A is missing one canned food item and the can opener. Picture B is missing the flashlight, the whistle, and one battery. Picture C is missing the first aid kit, the toothbrush, the tape, and the whistle. **B** is correct because Picture B is the only picture with exactly 3 differences. The remaining choices are incorrect.
14. Correct Answer: **C**. Compared to Picture 1, Picture 2 is missing one book near the bottom of the locker, the toothpaste container on the top shelf, and the mirror on the locker door. Because there are exactly three differences between Picture 1 and Picture 2, the correct answer is **C** and the remaining choices are incorrect.
15. Correct Answer: **B**. Based on the scenario, the 18 year old did not bring photo identification. The remaining choices are incorrect because the rest of the family followed the tour policy.
16. Correct Answer: **B**. The form did not identify the time that the incident was discovered, the cost to repair the damaged property, or the police report number. Because the form did not include three of the required pieces of information, the correct answer is **B**. The remaining choices are incorrect.
17. Correct Answer: **C**. Each inmate blames the other inmate for starting the fight. Option **C** is correct because it may be necessary to examine further which inmate started the fight since the inmates' statements contradict each other. Based on the statements provided by both inmates, **A** and **B** are incorrect because there is no reason to question whether the inmates complied with the officers orders or why the inmates were restrained. **D** is incorrect because it is unclear which inmate started the fight.
18. Correct Answer: **C**. According to Inmate J's statement, she did not read the note. However, according to Inmate H's statement, Inmate J knew the content of the note. Based on the contradicting information in the two statements, further examination may be necessary to determine if Inmate J knew the note ordered Inmate H to attack another inmate. Therefore, the correct answer is **C**. Based on the statements provided by both inmates, **A** and **B** are incorrect because it is clear why Inmate J delivered the note and that Inmate H was supposed to receive the note. **D** is incorrect because it is unclear whether Inmate H knew the content of the note.
19. Correct Answer: **B**, because requesting that the co-pilot be transferred is the only option that does not address the improper use of the software and continues to put passengers and flight crews in danger. While the remaining choices may not be the most appropriate action for the pilot to take, they are more appropriate than **B**.
20. Correct Answer: **D**, because it involves using company property for personal financial gain. **A** and **B** are more appropriate than **D** because both keep the logo and the profits from its potential use within the company. While **C** may not be the most appropriate action for the employee to take, it is more appropriate than **B** because it does not involve theft.
